PROUD MOMENT FOR ALL OF US

Congratulations, **Alok!** on being invited as a speaker at the **JS Lovers Tech Meetup 2024** in Hyderabad! 🌟

Your unparalleled expertise and profound insights are undoubtedly inspire and elevate the entire tech community. Best wishes for an exceptionally impactful and insightful session! 🎉

Social Media Stars

As a part of the rewards and recognitions policy, we have initiated the amazing categories to felicitate our colleagues who are always a step ahead when it comes to promoting the organization on various social media platforms.

In order to celebrate such silent contributors, we started the category Social Media Star from the month of May 2023. Every month we will recognize such efforts through their social media activity and we will announce the winner in the subsequent monthly meets. The winners will be felicitated in the Annual Meet.

For this month, let's put our hands together and give a huge round of applause to **Achyutananta Panda**.

Congratulations to you.

Case Study on NFT Selling Application

Overview

Our client wanted to sell the unique NFTs for high school-level renowned athletes. There are two modules of the application, the Admin and the Public. Admin module is mostly to control the visibility of the public site contents. Mostly the settings to manage the website content, athlete-specific sections to manage the athletes, and sections to push the NFT to the blockchain.

Client Details

Location: **USA**

Industry : **Sports**

Technology

Node, Express, ReactJS,
MongoDB, Solana, Web3,
Blockchain, Phantom Wallet

Project Feature View

As part of the admin portal, clients can onboard athletes at regular intervals. Here are the features supporting the athlete onboard process.

- Upload new athlete with their details
- Upload athlete's images and the regulations
- NFT videos
- NFT metadata, etc. Along with the above, admin can
- Specify the wallet details from which the gas fees get paid while onboarding the NFT to the blockchain network.
- Define the athlete wallet which gets the royalty and percentage of the royalty after a successful NFT sale.
- Push the video and their metadata as NFTs to the blockchain network after they are uploaded. The system keeps track of the smart contracts and the owner's details too.

Closing notes From the HR

As an organization driven by an unwavering commitment to excellence, we are determined to uphold our dedication and innovation, setting a remarkable standard for the future. Together, we will stride forward, placing even greater emphasis on the well-being of our employees and embarking on diverse initiatives to infuse joy into our daily work.

Above all, let us hold fast to our principles of honesty and integrity, for through these virtues we shall encounter abundant opportunities in the days ahead.

Together, we shall continue to create a brighter and more prosperous tomorrow. With determination and anticipation,

Regards,

HR Team
